Petitioner, 3M Innovative Properties Company, a corporation of the State of Delaware having a place of business at 3M Center, St. Paul, Minnesota, represents that it is the exclusive owner of the entire interest in the above-identified Application by virtue of an Assignment recorded at Reel 011136, Frame 0171, on August 28, 2000. Petitioner further represents that it is the exclusive owner of the entire interest in U.S. Patent No. 6,166,106, by virtue of an Assignment recorded at Reel 9254, Frame 0437, on June 12, 1998.

Petitioner hereby agrees that any patent granted on the above-identified Application shall be enforceable only for and during such period that the legal title to such patent and U.S. Patent No. 6,166,106 are commonly owned. This agreement is to run with any patent granted on the above-identified Application and to be binding upon the grantee, its successor, or assigns.

In making the above disclaimer, Petitioner does not disclaim any terminal part of any patent granted on the above-identified Application prior to the expiration date of the full

Documents establishing the chain of title of the subject patent (including the aforementioned Assignment and a recording location) have been reviewed and I certify that, to the best of my knowledge and belief, title is in Petitioner.

I declare that all statements made herein of my own knowledge are true and that all statements made herein on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the above-identified Application or any patent issuing thereon.
